Sees No Immediate Plan To Share Secrets

Truman Will Not Go Over Solons Heads

Washington, July 20—(AP)—An extraordinary secret session of high officials and lawmakers produced indications tonight that President Truman has no immediate plan to bypass Congress and share A-bomb secrets with Britain by executive agreement.

General Dwight D. Eisenhower and other top-ranking officials discussed U. S. policy on atomic secrets for 2 hours and 45 minutes with the Senate-House committee on atomic energy. Their momentous meeting was guarded by two police sergeants, and the shades of their meeting room were tightly drawn.

At the end of the session Senator McMahon (D-Conn.), chairman of the joint committee, told reporters: "The joint committee on atomic energy met with the secretary of state, the secretary of national defense, and the atomic energy commission and General Eisenhower. We discussed the nation's foreign relations in the field of atomic energy. No conclusions were reached and none was contemplated at this meeting."

"A future meeting will be held at the call of the chairman after the lapse of sufficient time for further deliberations."

As a result of the meeting, some lawmakers who had been talking of making a move to tie the president's hands against giving a bomb information to any country without first consulting Congress—told reporters they would put off discussion of this idea.

These lawmakers had said previously that they would ask Congress—or at least the Senate—to oppose any effort to share the bomb secrets by executive decree. They planned to do this by a resolution saying the atomic energy act of 1946 bars any exchange of such information with foreign powers unless Congress approves in advance.

No Immediate Plan

But after the joint committee's meeting with interested government officials, it was indicated that those who had been talking of tying the president's hands had received some assurances that there is no immediate plan to give the British or anybody else secrets by presidential agreement.

The officials were smiling as they streamed out of the office where the meeting was held, in a little used section of the capitol.

McMahon met with reporters briefly after the conference and read his prepared statement.

Congressional leaders who attended the extraordinary meeting included Senator Connally (D-Texas), chairman of the Senate Foreign Relations committee, and Senator Vandenberg (R-Mich.), ranking Republican member to the Foreign Relations group. Both are members of the joint atomic committee.

Says People Being Probed Should Be Able To Answer

Washington, July 20—(AP)—Dr. Edward U. Condon today advocated legislation to protect the rights of persons accused by such congressional groups as the House committee on Un-American activities.

He said the committee has been smirched the reputations of decent citizens.

Dr. Condon, director of the U. S. Bureau of Standards and an atomic scientist, appeared before the Senate Rules committee to testify on a bill by Senator Lucas (D-Ill.) This measure would allow persons criticized in congressional investigations to present their side of the story.

Condon said the government's power to investigate should be unlimited but persons investigated publicly should be permitted to reply.

He said he himself has never been given a hearing by the Un-American Activities committee although a subcommittee has called him one of the "weakest links" in the atomic security chain.

FIRST POLIO CASE

Waukegan, Ill., July 20—(AP)—The first case of polio in Lake county this year was reported today. Stricken was John Paeth, 9, of Old Mill Road, Lake Forest. The boy was taken to Evanston hospital.

FIRE DAMAGES CAFE

Sterling, Ill., July 20—(AP)—Fire early today destroyed the kitchen and dining room of the Westerner restaurant in downtown Sterling. Police estimated damage at \$5,000. No one was injured in the blaze.

Truman Forces Fight To Save Brannan Plan

Washington, July 20—(AP)—Administration forces fought in the House today to save the Brannan Farm Subsidy Plan from threatened defeat. They shouted that it is necessary to prevent a collapse of the whole farm program.

The opposition responded with a charge that the administration bill gathers its support principally from organized labor—not from farmers. They argued that it would lead ultimately to a peacetime OPA.

Secretary of Agriculture Brannan first submitted the subsidy plan to Congress as a means of getting cheaper food for consumers and good income for farmers.

Rep. Sabath (D-Ill.), chairman of the House Rules committee, kicked

Report Nationals Set Back By Reds In Central China

Canton, China, July 20—(AP)—Reliable private reports today told of Nationalist setbacks in central China as Communist columns struck from Kiangsi toward vital Hunan province.

Collapse of the central China front would pose a direct threat to Kwangtung, southern coastal province in which this Nationalist provincial capital is situated.

The reports said radio contact had been broken with the Nationalist defenders of Pingliang, coal mining town in western Kiangsi. Two Communist columns were reported threatening Pingliang and Wansai, also in western Kiangsi. They are near the Hunan border.

It also was reported that the Nationalists had pulled out of the Hunan town of Yochow (Yoyang) on the Canton-Hankow railroad 175 miles north of Yenchang, important rail junction city.

Communist columns thrusting toward Hunan were reported being bombed and strafed by Nationalist warplanes.

Divorces Wife As 2 Sons Die While He Is Overseas

Chicago, July 20—(AP)—A 39-year-old army corporal, whose two sons died while he was overseas, has sued for divorce, seeking custody of his one remaining child.

Cpl. Anthony LoBue, stationed at Fifth Army headquarters in Chicago, charged his wife, Lillian, 34, of Chicago, with habitual drunkenness.

LoBue was called home from Manila in 1947 after his son Terry, six-months old, suffocated in bed.

While in Japan in 1948 he was summoned home again to attend the funeral of his son Robert, 11, who was found floating in the Chicago river.

LoBue wants custody of his daughter Barbara, 13. His superior court suit says Mrs. LoBue has been "habitually intoxicated for the last two years."

The LoBues were married April 28, 1934, and separated in December, 1948, the suit said.

OUTPATIENT CLINICS DO RECORD BUSINESS

Chicago, July 20—(AP)—Outpatient clinics of the University of Illinois hospitals handled a total of 189,741 outpatient visits during the fiscal year ended June 30, 1949.

Dr. Myron C. Benford, director of clinics, said this figure is an all-time record. He said 11,955 new patients received treatment during the year at the school's 24 clinics.

A strange calm spread over this capital after 24 hours of battle that followed the assassination Monday of Col. Francisco Javier Arna, chief of the armed services.

Loyal troops and civilian volunteers last night gained control of Fort Guardia de Honor, the seat of the revolt. All fighting ended.

Police director Victor Manuel Sandoval said 40 persons were reported killed. (The U. S. State Department announced no American citizens were among the casualties.)

The government's terms were "unconditional surrender," the police director said.

Sandoval, stressing that he was speaking unofficially, said Arna and

off for the administration with a plea to Democrats not to be led astray by a collusive combination of Republican controlled farm organizations and Dixiecrats."

But some of President Truman's best friends in Congress opposed the administration on the issue which will come to a head in showdown voting tomorrow or Friday.

Three Democrats who often have carried the administration banner in Congressional battles—Gore of Tennessee, Monroney of Oklahoma and Rains of Alabama—helped lead an opposition coalition of Democrats and Republicans.

The coalition strove confidently to overwhelm the administration bill, offered by Rep. Pace (D-Ga.), and to enact instead a substitute bill that would continue the present farm program for another year.

Chairman Cooley (D-NC) of the Agriculture Committee admitted frankly to the House that the administration bill is "in trouble," and he blamed its predicament on "vicious propaganda and misrepresentation."

Under Brannan's plan perishable crops would sell at what the market would pay and the government (that is, the taxpayer) then would pay the farmers the difference between the average price they got and what the government considered a fair price.

Raid On Non-Union Company In Hawaii 1st Strike Fight

Honolulu, July 20—(AP)—A raid on the offices of a new non-union Stevedoring company today touched off the first major violence in Hawaii's 81-day dock strike.

Twenty-eight men were arrested and 19 were injured, including two police officers.

Police Capt. Eugene Kennedy said the raid by about 300 pickets was directed by loudspeakers from a Longshoremen union sound truck.

"Get the cops first," was one of the instructions broadcast, Kennedy said.

The raiders, armed with clubs, rocks and knives, struck when only four police officers were at the scene, the police captain related.

They scaled a 12-foot wire fence to get at 25 to 30 non-union dock workers. A brief but bitter fight ensued. It was all over in 10 minutes—before police reinforcements arrived.

Bottle Of Powder Thrown In Fire Burns 6 Persons

Chicago, July 20—(AP)—A bottle of gunpowder thrown into a smoldering trash can today flared up and burned a woman and five boys.

The woman and two boys were hospitalized with severe burns. Three other youths were treated for first degree burns and released.

Detective Drew Brown of the police bomb squad gave this account:

"The boys, playing in an alley behind the home of Mrs. Helen Cicora, 34, found three fireworks display bombs, cut them open and poured the powder into an empty milk bottle."

Mrs. Cicora interrupted and scolded them, taking the bottle and throwing it into the trash can. A smoldering fire in the can caused the powder to flare up, burning Mrs. Cicora and the children.

Philip Bylina, 12, and Raymond Bandyk, 8, suffered severe burns. Minor burns were suffered by Frederick Olsen, 7, Michael Theres, 12, and John Bandyk, 7, younger brother of Raymond.

All live in the same southwest side neighborhood.

Revolt Against Arevalo Rule In Guatemala Fails

Guatemala, Guatemala, July 20—(AP)—A military revolt against the government of president Juan Jose Arevalo flickered out today.

A strange calm spread over this capital after 24 hours of battle that followed the assassination Monday of Col. Francisco Javier Arna, chief of the armed services.

Loyal troops and civilian volunteers last night gained control of Fort Guardia de Honor, the seat of the revolt. All fighting ended.

Police director Victor Manuel Sandoval said 40 persons were reported killed. (The U. S. State Department announced no American citizens were among the casualties.)

The government's terms were "unconditional surrender," the police director said.

Sandoval, stressing that he was speaking unofficially, said Arna and

Seattle Plane Crash Kills 7, Injures 30

Seattle, July 20—(AP)—A Chicago-bound non-scheduled air transport plane with one of its engines dead sliced through two floors of a rooming house last night and smashed into a residential street, killing seven persons.

Thirty others were injured, but death was cheated by more victims by just two minutes—the interval between the crash and an earth-rocking flaming explosion.

In those 120 seconds nearly all the 32 passengers and crewmen tumbled out to safety.

The death of Pete Chumos, 66 of Seattle, raised the tragedy toll to seven this afternoon. He died of burns suffered while he was visiting in a rooming house which the C-46 hit.

He was the fourth rooming house occupant to die. It was the first structure in the path of the crippled passenger plane of Air Transport Associates, Inc., of Seattle. A fifth man was killed in another house. One plane passenger was identified among the dead and a second was believed to be the final unidentified victim.

The other dead were: Frank Catalica of Kalamazoo, Mich., a passenger.

Frank Morgan, 65, a machinist, Seattle.

Edward Brightcamp, 71, pensioner, Seattle.

Olavi N. Niemi, 45, Seattle.

Ralph Parker, Seattle.

Listed as missing and feared dead was a passenger, Corp. Lawrence Furio, 1055 W. Huron, Chicago.

The plane took off from Boeing Field in Seattle's south side at 11:03 p.m. (CST) and was barely in the air when its right engine failed.

Its wings sheared utility poles and clipped power lines in a blazing flash. As the pilot lost his fight to keep the craft aloft a wing sliced the two top stories from the rooming house where 18 persons were living. Among them were Morgan, Brightcamp and Niemi.

Witnesses said flames poured from one engine. The crippled ship roared across Harney street and pulled up in the home of George A. Cordas. At least three other homes were damaged by the wings or by the fire which followed.

New York, July 20—(AP)—With his sweetheart and co-defendant looking on, Raymond Fernandez today denied any part in a New York lonely hearts slaying that allegedly grew out of his busy life as a mail-order Romeo.

Courtroom spectators, mostly women, hung on every word as the 34-year-old Fernandez took the witness stand for the first time and, after his denial, poured out a lurid account of his life and loves. He spoke of numerous sexually abnormal acts with his girl friend.

The brutally frank recital failed to shake the spectators although a woman juror hid her face in her hands at one point.

The defense's claim is the Fernandez had no part in the killing and that his co-defendant was mentally unbalanced.

Fernandez appeared nervous but his answers to even the most intricate questions were calm and distinct. He is due to resume his testimony tomorrow.

Mickey Cohen And Three Others Shot Down In Gang War

Los Angeles, July 20—(AP)—Gambler Kingpin Mickey Cohen and three other persons were blasted early today by gangster gunfire on Sunset strip movie night playground, less than 24 hours after he had been assigned a state bodyguard.

Ironically, the special guard, Harry Cooper, 38, was critically wounded. Cohen, the dapper leader of Hollywood sub Rosa night life, suffered a shoulder wound.

The other victims were ash-blonde Dee David, 26, former actress, and Edward "Neddie" Herbert, 35, another henchman. Their condition was reported as grave.

Today's shooting was the most spectacular gangland blast since Bugs Siegel was ambushed as he sat in the Beverly Hills mansion of Gay Divorcee Virginia Hill, two years ago. Cohen was questioned by police but nothing developed.

Cohen is a central figure in a current hot grand jury inquiry into police department shakeup, including the resignation of Chief C. B. Horrall.

U.S. Says U.N. Can Not Settle Control Of Atomic Energy

Lake Success, July 20—(AP)—The United States acknowledged today that the United Nations Atomic Energy commission cannot settle the Russian-Western power deadlock over control of atomic energy. It proposed the commission suspend talk on the issue until the big powers and Canada can agree.

The American delegate, Frederick H. Osborn, put his government's views before the commission in a resolution.

The U. N. general assembly last fall told the commission to keep trying for a plan for atomic control. The U. S. resolution today was the first sign since the Paris assembly that the United States finally has given up hope of doing anything in the commission.

The commission adjourned until July 20 without acting on the resolution. Delegates of the Soviet Union and the Soviet Ukraine said they wanted to study it and speak on it.

Says Wage Scheme Won't Be Used To Threaten Strikers

London, July 20—(AP)—Labor Minister George Isaacs assured 15,509 idle London dockers today that the government will not use the guaranteed weekly dock wage scheme as a club to end their strike.

A warning that the dock labor scheme was in danger unless the strike ended by tomorrow morning had caused a split between the dock labor board, which made the announcement, and the government.

A statement from No. 10 Downing street—Prime Minister Attlee's official residence—formally rejected the board's move.

The wage scheme, adopted two years ago, guarantees the stevedore a weekly payment of 14 and eight shillings (\$17.60) whether he works or not. Previously, the London dockers had operated with casual labor on a day-to-day basis.

Any question of modifying the scheme's provisions or suspending or terminating it is one that can only be settled by the government and parliament, Isaacs told the House of Commons.

Officials Crack Down On Illegal Fishing On Rock R.

Sterling, Ill., July 20—(AP)—Inspectors from the state conservation department are cracking down on Rock river fisherman who use nets instead of poles.

Conservation agents for three weeks have been dragging the Rock river and confiscating numerous outlawed devices guaranteed to produce a day's catch in a hurry.

One illegal fishing trap showed 20 catfish.

The fine for illegal fishing in Illinois is \$25 and costs. Justices of the peace in Whiteside, Rock Island, Henry, Bureau and Putnam counties report they are busy trying offenders in their jurisdictions.

Warrants are being issued by Sam Carney, chief law enforcement officer of the conservation department in Springfield.

Hindsboro School Closed As Counties Fight For Control

Hindsboro Ill., July 20—(AP)—The Hindsboro school building was padlocked today as two counties argued about the right to run it.

School boards in both Arcola, Douglas county, and Oakland, Coles county, claim jurisdiction over a 15-square mile area which comprised the former Hindsboro school district.

Robert Temples, president of the Oakland school board, said Oakland has a "legal right" to run the combination grade and high school. He said he ordered padlocking of the building.

However, an Arcola school board plans to operate the school this fall. He declared, "we'll break in whenever we think it's necessary."

The Hindsboro school district originally was consolidated with Arcola.

Later, some residents changed their minds and petitioned for transfer to Oakland. The transfer was approved in 1948 by Harlan Beem, Coles county superintendent of schools. His ruling was recently upheld by Vernon L. Nickell, state superintendent of schools.

Retired Farmer Dies At 101 Years

Chicago, July 20—(AP)—Andrew Jackson O'Neal, 101, retired Missouri farmer, died today at the home of a daughter.

O'Neal, born May 1, 1848, in Nashville, Tenn., married in Bolivar, Mo., until 1937, when he moved here to live with the daughter, Mrs. Minta McCloskey.

Survivors include six of his 11 children, 26 grandchildren, 32 great-grandchildren and three great-great-grandchildren.

He will be buried Friday at Walnut Grove, Mo.

Says Pact Would Not Make Us Share A-Bomb

Washington, July 20—(AP)—Ratification of the North Atlantic pact will carry no obligation for the United States to share atom bomb secrets with other treaty nations, Senator McMahon (D-Conn.) told the Senate tonight.

McMahon—chairman of the Senate-House Atomic Energy committee—said the exact nature of the military aid to Europe must be decided when Congress acts to implement the treaty with an arms program.

McMahon gave his replies to Senators Wherry (R-Nebr.) and Donnell (R-Mo.) who pressed him as to whether any arms obligation in the

ICC Asks Railroads To Say Why They Stopped 8 Trains

Springfield, Ill., July 20—(AP)—The Illinois Commerce Commission today cited four railroads to show cause why they should not be ordered to restore eight passenger trains which have been discontinued.

The Commission said the trains were abandoned without its approval in violation of the Public Utilities act. Its citation involved these railroads and trains:

Chicago and Eastern Illinois railroad, trains 96 and 97 between Chicago, Hoopston, Danville and Evansville, Ind. The Commission said they were discontinued last month.

Chicago, Rock Island and Pacific, trains 43 and 44 between Chicago, LaSalle, Ottawa, Moline and Rock Island, discontinued last January.

New York Central, trains 431 and 434 between St. Louis and Indianapolis serving Paris, Hillsboro, Livingston and Granite City, discontinued in December, 1948.

Chicago, Milwaukee, St. Paul and Pacific, trains 21 and 36 between Milwaukee and Freeport, discontinued last March.

Charge Snelling With Embezzling Red Cross Funds

Santa Fe, N.M., July 20—(AP)—A charge of embezzling Red Cross money was filed today against H. Tracy Snelling, former information director at the Los Alamos atomic project.

The 37-year-old former Washington, D.C., newspaperman had been missing for a week. He turned up today at the Dallas, Tex., FBI office.

State Supreme Court Justice J. C. Compton, acting for the district judge, issued a warrant for Snelling's arrest. Bond was fixed at \$5,000.

At Los Alamos, Edwin Brooks, treasurer of the Los Alamos Red Cross, said Snelling had given him a personal check for \$1,000 in payment of proceeds taken in during a recent Red Cross campaign. Snelling headed the drive.

The check, written on a Santa Fe bank, was returned marked insufficient funds, Brooks said.

The complaint against Snelling accused him of embezzlement on or about June 21.

RUSSIAN SAYS U. S. STEEL MILLS FILTHY

London, July 20—(AP)—A Soviet engineer said today he found American steel mills "filthy and ill-lit" and using obsolete open hearth furnaces such as Russia had 25 years ago.

His statement, published in the official Soviet writers' Journal Znamya, was broadcast by Moscow radio.

The engineer is a construction expert named Nekhin. The article did not say when he had visited American plants.

Troops Keep Peace As Jury Reviews Kidnap-Rape Case

Groveland, Fla., July 20—(AP)—The crime which loomed mob terrorism against Negroes in this community was slated for grand jury investigation today as troops enforced the peace.

State Attorney J. W. Hunter said the jury would convene late this afternoon to take up the kidnap-rape of Mrs. Willie Padgett and the beating and robbery of her husband. Hunter said he was not yet ready to have a grand jury act on the mob violence.

Meanwhile, Florida's adjutant general Mark Lance, reached at St. Augustine, said national guardsmen would remain here indefinitely to curb any further outbreaks of lawlessness by mobs.

Since early Saturday, when news of the attack on the 17-year-old bride spread into the countryside, the number of each registered as this community in the heart of the

treaty would call for sharing the atom bomb secrets.

McMahon declared: "There is no binding compulsion in the pact as to what kind of military assistance will be given."

It may be, he added, the pact nations could best be defended by keeping in the atomic weapons in the continental boundaries of the United States.

The Senate held a night session on the treaty clearing the way for a vote late tomorrow. Pact supporters say they have the two thirds necessary to ratify, with some to spare. They also say they are confident of defeating all reservations.

In today's debate backers of the security treaty called it a bulwark for peace and opponents saying it would weaken the United Nations.

Senator Humphrey (D-Minn.) went to bat for the treaty, as did Senator Baldwin (R-Conn.) Senator Taylor (D-Iowa) opposed it.

Then, as the session wore on, Senator Graham (D-NC) delivered his maiden speech in support of the pact and Senator Lucas of Illinois, majority floor leader, made a dramatic appeal for ratification.

Graham, former president of the University of North Carolina, said the treaty "seeks to repair the damages and reinforce the structure and does not impair the foundations upon which the structure of the United Nations stands."

Danaher Declines To Run For GOP National Chairman

Washington, July 20—(AP)—Former Senator John A. Danaher of Connecticut took himself out of the running for the Republican National chairmanship today.

Danaher, one-time \$20,000 a year official of the GOP National committee, said in a statement that because he is engaged in "legal work of great importance to my clients" he is not in a position to become chairman.

At the same time, Sinclair Weeks, National committee for Massachusetts, said at Boston that he doesn't want the chairmanship "under any conditions."

Both Danaher and Weeks, the former more prominently, had been mentioned as possible candidates to succeed Rep. Hugh D. Scott, Jr., of Pennsylvania, who says he will resign the chairmanship Aug. 4.

In his statement Danaher said he will continue to serve as counsel for the Republican Senatorial campaign committee headed by Senator Brewster of Maine.

Median Income Of US Families Rises To \$3,320 In 1948

Washington, July 20—(AP)—The median or middle-sized income of American families rose to \$3,320 last year.

Reporting this today, the Federal Reserve board said the median family income was \$400 a year larger than in 1947 and \$720 larger than in 1946.

(Median income means middle income in the sense that half the families made more than the median and half less.)

The board noted that the \$3,320 was reduced to \$3,000 by Federal income taxes.

The figure reflects the total income of all members of a family living under one roof whether or not they pooled it to pay expenses.

The board obtained its data in a sample survey of consumer finances made for it by the University of Michigan survey research center.

state's lake region has been wracked by racial troubles.

Heavily armed mobs have prowled through Negro settlements, firing indiscriminately into the air. Three Negro homes have been burned. Despite all the shooting, no casualties have been reported.

As a result of the mob action national guardsmen began moving into Groveland Sunday. They have been steadily reinforced until strength is now at 300 combat-armed men.

Hunter said the 36-man panel, from which a jury of 18 will be drawn, included the name of a Negro.

The state's attorney said the Negro's appearance on the list was not unusual, but customary. The panel, he added, is divided among whites and negroes in proportion to the number of each registered as voters.

He said the political directors of the CIO, railroad brotherhoods, machinists and united mine workers are in virtual agreement on senatorial contests.

They are agreed that Taft and Donnell should be defeated, Keenan said.

Acheson Says It Is Without Foundation

Washington, July 20—(AP)—A Russian protest against Italy's membership in the North Atlantic Alliance was rejected by Secretary of State Acheson today within a few hours after its arrival. He called the Soviet objection "utterly without foundation."

At the same time, Acheson took occasion at a news conference to fire a round of his own in the cold war. He denounced the Communist campaign against the Roman Catholic church in Czechoslovakia as a violation of the United Nations' pledges to build up and respect human rights and freedoms throughout the world.

Questioned as to what "tensions and conflicts" behind the iron curtain President Truman had in mind in his Chicago speech yesterday, Acheson said he had no comment.

But other officials declared the record is clear that religious, political and economic forces are working against absolute communist control of Russia's satellites in Eastern Europe.

Reaffirms Position

On the Pacific front of the cold war, Acheson reaff

THE ORDERLY WAY

Fortunately the House Un-American Activities Committee appears to have given up any idea of delving into Federal Judge H. Kaufman's conduct of the Hiss trial.

Congress, as the arm of government closest to the people, definitely has a responsibility to exercise general guardianship over the judiciary. But a "hands off" policy seems wisest except where evidence suggests flagrant violation of the letter and spirit of justice.

Nothing said by any critical congressman indicates such violation in the Hiss trial. Had the case resulted in a verdict, either the prosecution or the defense could have turned to the appeals court for remedy against possible errors by the trial judge.

That is the orderly way and it is a good way.

Eight Inch Rainfall Drenches Quincy, Pike County; Levee Breaks

Quincy, Ill., July 20 — (AP) — Heavy rains, totaling as much as eight inches in a little more than 10 hours, flooded lowlands and caused crop and other damage in western Illinois and northwestern Missouri today.

Quincy had a fall of 7.07 inches, one of the heaviest rainfalls in the city's history. Lightning caused several fires. One blaze destroyed 11,000 bales of straw at a products company on the river front, burning fiercely during the heavy rain.

Another lightning bolt hit a stone ball in the residential area, hurling huge chunks of rock helter-skelter.

In nearby Pike county, creeks overflowed in the 110,000 acre Snyder drainage district on the Mississippi river, the largest gravity flow drainage district in the world. The Kaiser creek levee broke in about 10 places near the New Canton bridge, flooding hundreds of acres of corn and soy bean land.

Lightning caused fire which destroyed a barn near El Dara, in Pike county.

Rainfall totaled eight inches at nearby Palmyra, Mo. One family there was forced to evacuate by flood waters.

Eighty-one hundredths of an inch of rain had fallen in the Jacksonville area at noon Wednesday, as this community escaped the abnormal rainfall that descended on Quincy and sections of Pike county. Although the rainfall in Morgan county was not excessive, it was steady and spread over the entire morning.

A thunderstorm moved over the county late Tuesday night and Wednesday morning, with much rumbling and an electrical display.

Births

Mr. and Mrs. Charles Fronabarger, 315 North Mauvalter street, are parents of a son born Wednesday at 5:01 a. m. at Passavant hospital. The infant weighed seven lbs., 15 ounces.

Donald White, 2, Dies Wednesday After Brief Illness

Donald Alan White, two-year-old son of John and Vivian Crawley White, 137 West Chambers street, died at 7 a. m. Wednesday at his home after a brief illness.

The infant was born in this city on Aug. 3, 1947. Besides his parents, he is survived by his grandparents, Mr. and Mrs. Frank Crawley, southeast of the city, and Mr. and Mrs. Dale White of Murrayville, and his great-grandparents, Mr. and Mrs. W. A. Crawley of Jacksonville.

Funeral services will be held at 3:30 p. m. Friday at the Williamson Funeral Home, with Rev. Leslie G. Heuston officiating. Interment will be in Memorial Lawn cemetery.

Steel can be made strong enough to withstand a pull of 500,000 pounds per square inch.

Mission Group To Meet Thursday At Northminster

The July missionary meeting will be held in the Sunday school rooms of Northminster Presbyterian church Thursday at 2:30 p. m.

This will be the annual medical missions meeting, giving the story of medical missions throughout the world. The offering will be given for the support of medical missions.

The young people who will have part in the program are Wanda Wild, Barbara Menezes, Margaret Gristy, Patsy Menezes, Joyce Fernandes and Shirley Souza. Musical numbers will be presented by Velma Vieira and Mrs. Melvin Smith.

There are about 14,500 pounds of steel in use in some form in this country for every man, woman and child in America.

WSCS of Lynnville Makes Plans For Burgoon August 10

Plans for holding a burgoon on Aug. 10 were made by the Lynnville W.S.C.S. at a meeting held at the church, with Mrs. George Adams, Miss Grace Fearnough and Mrs. Estella Maurer as hostesses.

The committee in charge of this event is comprised of Mrs. Dick Finch, chairman, assisted by Mrs. Harry Maurer, Mrs. Otis Hayes, Mrs. Allan Scholfield, Mrs. Raymond Whewell and Mrs. Stella Newberry. Worship services were conducted by Miss Fearnough. Mrs. Roy Myers presented the lesson on "The United Nations."

Mrs. Oran Fearnough and Mrs. Glenn Coates had charge of the program, which included piano selections by Donna Morris, Doris Newberry and Nancy McCarthy; piano duet, Doris Newberry and Nancy McCarthy, and vocal duet, Doris Newberry and Nancy McCarthy, accompanied at the piano by Miss Virginia Heaton.

Dodsworth Family Reelects Officers At Annual Reunion

The officers who served during the past year were re-elected at the annual Dodsworth family reunion, held Sunday at Nichols park.

They are Miss Estella Bown, president; Miss Elizabeth Hanning, vice president; Miss Rhoda Scott, historian; Mrs. Ruby Hatfield, secretary-treasurer; and E. F. Hatfield, dining room chairman.

Those present at the reunion were Harry Lemon, Mr. and Mrs. E. F. Social Events

Westminster Society

Entertained by Mrs. Archer. Mrs. T. V. Archer was hostess to the Westminster Missionary society of Westminster Presbyterian church Tuesday afternoon at the home of Mrs. August Wedein, 1022 West Lafayette avenue.

The president, Mrs. H. J. Capps, presided. Financial reports were presented by the treasurer, Miss Louise Holmes, and the treasurer for overseas sewing, Mrs. W. N. Harness.

Miss Mabel Hall Goltra conducted a brief devotional service, using as her subject "Bread," to which she had found over 80 references in the Bible. The topic for the afternoon, chapter three of Shriver's "Missions at the Grass Roots," was presented by Mrs. Walter C. Rabjohns.

After the discussion a social hour was enjoyed and refreshments were served by the hostess.

FAMILY REUNION

The Kinnett family reunion and basket dinner will be held Sunday at Nichols park, beginning at noon. All friends and relatives are invited to attend.

SMALL FRY Sandwich Spread—combine 1 package cream cheese, 1/2 c. peanut butter, 1 Tbsp. orange juice, 1/4 tsp. grated orange rind. Makes 4 scrumptious sandwiches.

HOUSEHOLD HINT

ALCOHOL and pearls don't mix—so be careful not to get perfume or cologne on your favorite strands.

RECIPE

VICHYSOISE

1/2 c. unsalted butter
4 leeks chopped
1 onion, minced
1 c. chicken stock
or diluted canned consommé
sprig of parsley
stalk of celery
salt, pepper
few grains nutmeg
few drops Worcestershire
4 potatoes, sliced thinly
1 c. heavy cream

Melt butter slowly, add leeks, onion, cook slowly until tender, not brown. Add stock, vegetables, seasonings; cook until potatoes are tender. Put through fine sieve. Stir in cream, reheat. Chill in china or glass bowl. Serve very cold with a sprinkling of chopped chives and/or grated carrot. Serves 6-8.

THE DOCTOR SAYS Precaution Minus Panic Best Bet To Avoid Polio

By Edwin P. Jordan, M. D.
Written for NEA Service
So far, medical science has not
been able to offer a sure way of
warding off poliomyelitis. But when
an epidemic of polio is in the com-
munity everyone should be aware of
the danger and should call a doctor
at the first signs of illness. This is
not only for their own sakes. This is
also it helps to avoid exposing others.
The National Foundation for In-
fantile Paralysis recommends sev-
eral precautionary steps which seem
worthwhile following:
Keep flies away from food. Use the
purest milk and water. While the

exact means of spread of the disease
is not known, contaminated water
and milk are always dangerous and
flies have repeatedly been shown
to carry the infantile paralysis virus.
Hygiene Important
Pay careful attention to personal
cleanliness, such as thorough hand
washing before eating. Hygienic
habits should always be observed.
If possible avoid tonsil and ade-
noid operations during epidemics.
Careful study has shown that such
operations, when performed during
an epidemic, tend to increase the
danger of contracting infantile pa-
ralysis in its most serious form.
Maintain community sanitation
at a high level at all times.
Do not swim in polluted water.
Avoid all unnecessary contact with
persons with any illness suspicious
of infantile paralysis.
Avoid overeating and extreme fa-
tigue from strenuous exercise. While
fatigue and chilling cannot cause
infantile paralysis, they may cause
the attack to be more severe.

The question of closing schools
and swimming places has not been
settled. Some doctors think there
is more danger from contacts which
children make when they stay home
than when they are at school. Also
there is a difference of opinion on
the danger of contracting polio from
swimming pools. Swimming itself is
not considered harmful but if the
water is contaminated by sewage
and human pollution, there may be
a definite danger.
Until more is learned about the
way in which polio is spread, rea-
sonable caution without undue alarm
is the best policy.
Note: Dr. Jordan is unable to
answer individual questions from
readers. However, each day he will
answer one of the most frequently
asked questions in his column.
THE DOCTOR ANSWERS
By Edwin P. Jordan, M. D.
QUESTION: Is there such a thing
as tobacco heart

ANSWER: This is disputed in
medical circles. All that can be said
with certainty is that tobacco does
speed the heart rate more in some
people than in others.
Corn pudding, broiled tomatoes,
snap beans with lemon-mayonnaise
sauce, and hashed brown potatoes
make a delicious vegetable plate. A
hearty dessert such as gingerbread
and applesauce is always welcome
after a main course such as this.

Surprise Birthday Dinner Given For Glasgow Resident

Glasgow—A potluck dinner Sunday served at the home of Mr. and Mrs. Cloyd Drake, west of Glasgow, was in the form of a birthday surprise event in honor of Mrs. Drake, who received a number of lovely gifts marking the occasion.

Those present, besides the guest of honor and husband, were Mr. and Mrs. Paul Drake, daughter, Sue Ellen of Kirkwood, Mo., Mrs. Minerva Coker of Patterson, Mr. and Mrs. Claude Wright, son, Harold of St. Elmo, Mr. and Mrs. William Worrall, near Riggston, and Mr. and Mrs. Vern Drake, sons, Ronnie and Roderick, west of Glasgow.

The Zion's Neck Pinocle Club met with Mrs. Lola Bowman Thursday afternoon, July 14, with eight members present. Refreshments were served by the hostess at the close of play.

Next meeting of the Club will be with Mrs. Evelyn Young, July 28.

Escapes Serious Injury
Clarence Everett (Corky) Hester, young son of Mrs. May Hester, narrowly escaped serious injury Sunday morning, while riding on the rear of a tractor pulling a combine, the steel shaft of the power 'take-off' became disconnected, striking Corky on the leg, inflicting a painful bruise which put him out of commission a few days.

Cemetery Donations
Recent donations made to the Glasgow Cemetery Association fund toward the maintenance of a sexton, are listed as follows: Mrs. H. I. Simonds, Jacksonville, \$2.; Mrs. Erma McCallah, Stroud, Okla., \$5.; Robert Rennie, Alsey, \$2.; John A. Wilson, R. 3, Roodhouse, \$2.; Frank Brown, Arenzville, \$5.; Mrs. Ruby Drummond, Glasgow, \$2.; Mrs. Davis Palmer, Salem, \$1.

Due to a number of existing circumstances, the regular July program of the Glasgow Baptist Mission Circle, which was to have been held Friday evening, July 22 at the church, has been cancelled.

Mrs. J. B. Hazelrigg, ill at her home the past two weeks, is now showing marked improvement.

Very little change is reported in the respective conditions of B. E. McEvers and W. D. McEvers, both of whom are seriously ill at their homes here.

High School Girls Report On Trip To Arkansas Center

Virginia—The regular meeting of the Beardstown Rotary club was held in the Nancy Beard room of the Park Hotel on Monday, July 18 at 8:15 p. m. with President H. B. Smith presiding.

The program for the evening consisted of talks by Phyllis Widmeyer of Virginia and Ruth Orne of Ashland. Also on the program was a report by Victor Tidwell, a very talented musician from Beardstown.

Phyllis Widmeyer, a junior this past year in Virginia high school, and Ruth Orne of Ashland high school told of their experiences and training which they obtained while attending the Junior Red Cross training center held at Morrilton, Ark. on June 7-17. Each of the girls is to have complete charge of Junior

Red Cross activities in her respective high schools during the coming year.

The expenses of these two girls, while attending this center, were paid by the Eastern Cass county chapter of Junior Red Cross.

Victor Tidwell a freshman last year in the Beardstown high school, told of his exciting two-weeks training course in the state music school conducted at Dugison. He plays the clarinet and saxophone and says he enjoyed studying under some of the leading band and orchestra instructors from various parts of the United States.

The Beardstown Rotary club sponsored Tidwell.

LUCKIES PAY MORE
to give you a finer cigarette!

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! You'll agree it's a finer, milder, more enjoyable cigarette!

J. WAYNE ADAMS of South Boston, Va., 22 years an independent warehouseman, says: "I've seen the makers of Luckies buy fine quality tobacco that makes a real smoke!" Mr. Adams has been a Lucky smoker for 15 years. Here's more evidence that Luckies are a finer cigarette!

Wind And Rain Cause Damage In Jersey Co.

Jerseyville — A heavy wind and rain storm struck the central and

eastern Jersey county area about 4:30 a. m. Tuesday and some damage was done to outbuildings and farm crops in several areas. The storm approached Jerseyville from the northwest. Shade trees and gardens were damaged in the city, the sweet corn in many places being flattened by the wind. The wind struck east of the city with considerable force, but field corn was not flattened by the gale.

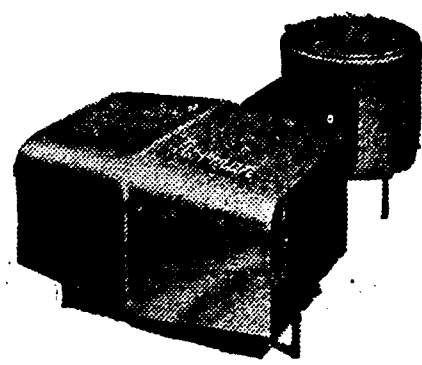

according to County Treasurer August Ferenbach, who lives in that vicinity. County Clerk Grover Pearce who resides on his farm six miles east of the city reported that considerable wind and rain hit the locality of his place, but the corn was not leveled by the storm. From the locality southwest of Jerseyville, some damage was reported to local insurance agencies as having occurred when outbuildings were unroofed by the gale.

Annual Day Camp Held Wednesday At Nichols Park

The annual 4-H day camp, sponsored by the Morgan County 4-H Club Federation, was held Wednesday at Nichols park. Fifty-five 4-Hers, boys and girls representing the various 4-H clubs in Morgan county, attended.

Swimming was scheduled for the morning session, but was postponed because of rain. Indoor games and handicrafts, which took place in the dining hall provided an enjoyable substitute.

Additional recreation programs occupied the afternoon. Wednesday evening, parents were special guests at a picnic supper and program.

The program consisted of numerous stunts and an impressive candlelighting ceremony symbolizing 4-H ideals.

Mrs. Mildred Seeman, home adviser, and her assistant, Miss Marjorie Stewart, are attending in an advisory capacity.

Those in charge at the camp are Virginia Muntman, federation president and general chairman; Francis Swain, recreation chairman; and Elnor McFadden and Rita Nall, song chairman.

Morgan County Jail Struck By Lightning Bolt

Lightning struck the Morgan county jail a vicious rap at 8 o'clock Wednesday morning, apparently without damage to the brick and stone building.

Employees of a nearby service station said they heard a loud crash and saw a ball of fire descend on the roof of the jail. Sheriff Ralph Bourn reported that persons inside the building heard the noise but none was stunned by the lightning.

The bolt knocked the telephone out of commission for a short time.

Cardinals Take 6-4, 10 Inning Victory From Boston Braves

Giants Set Record As They Defeat Cincinnati 5 To 1

New York, July 20.—(AP)—The New York Giants established a consecutive scoring record today as they whipped the Cincinnati Reds, 5-1, for the second straight day.

Scoring in each of the first three innings, the Giants extended their scoring spree through 14 consecutive innings to better the previous mark of 12, set by the Giants of 1923.

The Giants began the siring last Monday, tallying at least once in the last three innings against the St. Louis Cardinals. They added eight more yesterday (they did not bat in the ninth), and three today for 14.

Oddly enough, Sid Gordon started the streak with his 18th home run, and ended it with his 19th. Cincinnati ... 000 000 100-1 7 0 New York ... 221 000 005-5 12 2

Hank Sauer's Two Homers, Triple Give Cubs Victory

Philadelphia, July 20.—(AP)—Hank Sauer drove in all of the Chicago Cubs' runs with two homers and a triple tonight as they defeated the Philadelphia Phillies 4-3 in 11 innings. The triple came in the 11th with Andy Pafko on base.

Sauer's 17th home run and his 18th since joining the Cubs, with Pafko on base in the fourth gave the Cubs their first two runs. The big left fielder clubbed homer No. 18 with the bases empty in the sixth.

The Phillies tied it up in their half of the sixth. Stan Lopat batted for Robin Roberts and doubled. Richie Ashburn followed with a single. When Willie Jones died to left, Lopat scored.

Del Ennis' single and walk loaded the bases. Andy Seminick's single brought two runs home to knot the count.

Curt Simmons, relieving Roberts, and Dutch Leonard hooked up in a pitching duel until Pafko singled in the 11th. Then, with two out, Sauer connected with his game winning triple.

The Tots feature Art Wilson, Illinois college athlete, who is playing a bang-up game at third base with them for the second consecutive year. In a telephone conversation with the Hot-Ten-Tot manager last night, he revealed that Art is anxious to perform before a Jacksonville crowd again, and bids all his local friends hello.

A double-header performance from the Tots is something new and different. The Chicago team called a trip through Canada, there fore making the twin-billing in our city possible. Fans who see them on the first night are sure to come back Saturday for a second helping, and bring several friends with them. Sunday night will probably find standing room at a minimum.

Another Illinois college athlete has made the news in big print. "Gregory pitches and bats Cards to 3-2 Triumph" reads a glaring banner in the St. Joseph, Mo., Gazette. Bob Gregory, who played a lot of baseball and basketball for Al Miller and Joe Brooks at the Hilltop school in past years, is now a stalwart with the St. Jo Cardinals, class C minor league baseball property of the St. Louis Cardinals. Bob boasts an enviable pitching record with the farm club that is currently leading the Western Association circuit by six full games.

Al Miller brought the copy of the St. Joseph paper into the office. The IC coach has just returned from a 6300 mile motor trip which took him to the west coast, into Canada, through Yellowstone Park and finally down into Missouri where he stopped in to see Gregory. The gregarious Hilltop football and basketball mentor admits that he was on a talent hunt primarily and pleasure cruise secondly.

When asked if he had anything to say about the loss of established athlete and another potential star when Charley Due and Stan Spotts inked pro baseball pacts, Al waxed eloquent on why the two boys shouldn't have taken the step, but was more than sincere when he wished both youths lots of luck in their new trades.

The Bluefoot football mentor, an ex-pro grid star in his own right, exclaimed that Spotts—a versatile young man—might have attracted more attention as a football player than on the baseball field. Stan was a widely publicized high school football player; however, the two sports cannot work hand in hand because of the varied types of muscular exertion involved. The youngster had to make his choice and make it quickly. We're behind him 100 per cent—as is Miller—and are eagerly awaiting word from Orlando, Fla., that will proclaim "home town boy makes good."

Tigers Eke Out 6-5 Win Over Nats

Detroit, July 20.—(AP)—The Detroit Tigers pushed over three runs in the eighth inning today to squeeze out a win over Mickey Harris and the Washington Senators 6-5 before a slim crowd of 7,288 customers.

Hoot Evers with three singles paced the Tigers' 10 hit attack.

With one away in the eighth and the Tigers trailing 5-3 Harris gave up his first walk to George Kell.

Vic Wertz singled to right sending Kell to second. Hoot Evers popped a Texas leaguer into short centerfield, with Kell scoring and Wertz moving to third on the single.

Johnny Groth singled to right, scoring Wertz with the tying run and sending Evers to third.

Johnny Lipon then dropped a perfect squeeze play bunt which Harris was unable to pick up as Evers scored, with Lipon getting a single and credit for driving in the winning run.

2 Homers By Kiner Helps Bucs Whip Brooklyn 8 To 6

Brooklyn, July 20.—(AP)—Ralph Kiner drove in five runs with home runs No. 25 and 26 today to lead the Pittsburgh Pirates to an 8-6 triumph over the Brooklyn Dodgers.

Kiner's second homer came in the top of the ninth, with two mates aboard, and overcame a 6-5 Brooklyn lead. The winning homer came off Don Newcombe, who had just replaced Erv Faller on the mound.

Palma was charged with the defeat. He gave up singles to Pete Castiglione and Dino Restelli before giving way to the giant Negro right-hander.

Kiner's first circuit clout came in the third inning, off Ralph Branca, and put the Bucs in front, 2-0.

Dodgers, spearheaded by Roy Campanella, got those two runs and added three more for good measure.

Campanella highlighted a three-run fifth with his 14th homer. It came with one on. He tripled in two more runs in the sixth. That put Brooklyn in front 5-2.

The Pirates knocked out Branca in the seventh with a three-run blast that tied the score. Pinch-hitter Dixie Hester's two-run homer featured the rally. The Dodgers, however, regained the lead in their half of the seventh, scoring once on a single by Gil Hodges and a double by Carl Furillo.

The Pirates used four pitchers, with Cliff Chambers getting credit for the victory. He held the Dodgers scoreless in the eighth and ninth to hang up his sixth win. He has lost but once.

White Sox Edge Red Sox 8 To 7

Chicago, July 20.—(AP)—The Chicago White Sox slowed down the upward surge of the Boston Red Sox by winning an 8-7 thriller before 6,824 persons today. It was Boston's fourth defeat in the past 15 games.

George Metkovich, a former Boston player, played the lead role in the Red Sox setback. He tripled off Walt Masterson, third Boston pitcher, to open the ninth. After Cass Michaels and Dave Philley were purposely passed to fill the bases, Eddie Malone hit the second pitch to Tommy O'Brien and Metkovich scored the winning run.

Ted Williams' No. 22 home run pulled the Red Sox into a 7-7 standoff in the Boston ninth. Ted drove a Bob Kuzava pitch into the left field lower pavilion with two mates aboard to effect the deadlock. It was the second time this season Williams smacked a left field round tripper.

In retaining possession of sixth place, the White Sox won their seventh game in the past 11 starts. It was also Kuzava's third straight victory and sixth of the season against a single loss.
